# Ceremony Styling

Your ceremony is the most meaningful part of your day — the moment two lives become one. At **Your Wedding Company**, we believe the setting should be as unforgettable as the vows themselves. Our ceremony styling includes elegant floral arches, sweeping drapery, bespoke seating arrangements, and aisle designs that create an atmosphere of romance and timeless beauty.

Whether you dream of a soft, candlelit entrance or a statement floral installation that leaves your guests in awe, our designs are tailored to your vision. Every detail is considered — from the placement of each chair to the textures of the fabrics — so that your walk down the aisle feels like stepping into your own fairytale.

We work with both real and luxury artificial florals, ensuring the styling is not only breathtaking but also practical for your venue and budget. With our expertise, your ceremony becomes more than a moment. It becomes a memory, framed in elegance, captured forever in photographs, and cherished for a lifetime.

# Reception Styling

Your reception is where celebration and joy take center stage, bringing guests together to toast your love, dine in elegance, and dance into the night. Our reception styling transforms ordinary spaces into extraordinary experiences, blending sophistication with your personal style.

From lavish tablescapes adorned with florals and fine details to bespoke staging and centerpieces, every element is curated to complement the architecture of your venue and the mood of your celebration. Chairs and linens are selected not just for practicality but for the way they enhance the overall aesthetic.

Our designers specialize in creating atmospheres that flow seamlessly from the ceremony to the reception, ensuring continuity in your wedding's visual story. Whether you dream of a candlelit dinner, a bold statement head table, or a dancefloor surrounded by florals, our reception styling guarantees an experience that captivates guests from the first toast to the last song.

# Chiavari chairs & Chair Draping

Seating is more than practical — it is part of the atmosphere. The right chairs and draping can completely transform a ceremony or reception, creating elegance, symmetry, and a polished luxury finish.

At **Your Wedding Company**, we specialise in providing Chiavari chairs — the timeless choice for luxury weddings. Their slim, elegant design complements every venue, from classic ballrooms to modern marquee settings. Available in a variety of finishes, from crisp white to soft gold or natural wood, these chairs elevate any event with understated sophistication.

To add even more refinement, we offer bespoke chair draping and accessories. From soft chiffon sashes in blush, ivory, or muted gold to statement knots, ribbons, or floral embellishments, our chair styling ensures every detail harmonises with your overall theme.

Whether lining your aisle or framing your reception tables, our Chiavari chairs and draping provide the perfect balance of style and comfort. They are not just seating — they are part of the story, ensuring your guests experience the same sense of luxury and beauty from the moment they sit down.

# Dancefloors

The dancefloor is where the magic of the evening unfolds — the first dance, the laughter, the unforgettable memories shared with family and friends. At **Your Wedding Company**, we understand that this space is more than just flooring. It's the stage for your celebration.

We offer a range of luxury dancefloors, including pristine white gloss for timeless elegance, mirrored surfaces for glamour, and LED designs that bring drama and energy to the evening. Each option is tailored to suit your venue and wedding aesthetic, ensuring the dancefloor not only functions beautifully but also becomes a design feature in its own right.

Every detail is considered — from placement and size to how it integrates with your lighting and staging. We believe the dancefloor should command attention while also harmonising with the rest of your décor. The result? An unforgettable focal point where your first dance feels cinematic and every guest is inspired to join in the celebration.

Whether you envision classic elegance or a bold statement, we'll design the perfect stage for your first dance. Book a consultation to explore your options.

# Lighting Packages

Lighting is the silent storyteller of your wedding. It sets the mood, creates atmosphere, and transforms spaces into breathtaking backdrops. Our luxury lighting packages include everything from sparkling chandeliers and romantic candlelight effects to dramatic stage lighting and ambient uplighting that enhances your venue's natural beauty.

We approach lighting as an art form. It is not only functional but also a design element that highlights the best features of your celebration — the glow of the ceremony aisle, the sparkle of a champagne toast, or the dramatic reveal of your reception space.

Our team works with the architecture of your venue to create lighting that feels organic yet extraordinary. Whether you envision a romantic, candlelit glow or a high-energy party atmosphere, our bespoke packages ensure your wedding shines — quite literally — with elegance and precision.

✨ *Lighting sets the mood for your entire celebration. Contact us to design a bespoke package that brings your vision to life.*

# Floral design & Bouquets

Florals are at the heart of wedding styling — they breathe life, colour, and romance into every celebration. At **Your Wedding Company**, our floral design is crafted to be more than decoration. It's an expression of your story, captured in blooms.

We create everything from timeless bridal bouquets to grand floral installations, luxury centrepieces, and dramatic arches. Whether you choose real florals for their fragrance and texture or luxury artificial arrangements for practicality and longevity, our designs are always bespoke and beautifully executed.

Each floral design is built around your colour palette and vision. From classic white and blush arrangements to bold, contemporary displays, our florals set the tone for your day. We consider not only the flowers themselves but also the vessels, textures, and placement, ensuring each arrangement complements the overall design.

The result is florals that wow your guests, elevate your venue, and create timeless moments captured in photographs that you'll cherish forever.

# Entertainment

A luxury wedding deserves entertainment that is unforgettable. Music and performance are what carry the energy of your celebration, and at **Your Wedding Company**, we curate experiences that are as stylish as they are captivating.

From world-class DJs who keep the dancefloor alive all night to live bands that bring timeless glamour, our entertainment options are tailored to your vision. We also source unique performers and immersive acts — from string quartets for your ceremony to energetic entertainers for your reception — ensuring your guests are engaged from start to finish.

Our expertise lies not only in sourcing talent but in seamlessly integrating entertainment into the flow of your wedding. Each performance is coordinated with your styling, lighting, and schedule, creating a cohesive luxury experience that leaves guests amazed and your celebration unforgettable.

✨ *From DJs to live performers, your wedding deserves entertainment as unique as your story. Speak with us to discover your perfect line-up.*

## Production & Staging

For couples who dream of a truly immersive wedding, our productions and staging bring grand visions to life. We specialise in transforming venues with large-scale installations, custom stages, themed backdrops, and bespoke décor that elevate your wedding into an extraordinary event.

Whether it's a sleek modern stage for your band, a floral wall for unforgettable photos, or a dramatic set piece that creates a sense of wonder, our productions ensure your celebration feels like no other. We design with both beauty and function in mind, ensuring every element enhances the experience while maintaining seamless flow for your event.

This level of production turns weddings into spectacles — not overwhelming, but refined, luxurious, and perfectly curated. It's about creating moments your guests will never forget and a setting that feels like it belongs in the pages of a luxury bridal magazine.

✨ *Ready to take your wedding beyond beautiful? Contact us to design a stage or installation that leaves guests speechless.*

## Extras

It's the finishing touches that elevate a wedding from beautiful to unforgettable. At **Your Wedding Company**, our luxury extras include everything from bespoke stationery and elegant signage to interactive photo booths, styled picture walls, and curated guest experiences.

These details might seem small, but they are what guests often remember most. A personalised stationery suite sets the tone before your day even begins. A chic photo booth or statement wall gives guests a chance to capture memories in style. Each extra is carefully chosen to complement your theme and add layers of luxury to your wedding.

We believe that no element is too small to matter. By curating these extras with the same attention to detail as our core services, we ensure that every corner of your wedding feels intentional, polished, and unforgettable.

✨ *It's the details that make the difference. Let us curate bespoke extras that add layers of luxury to your celebration.*

# Draping & Backdrops

Atmosphere is everything. Draping and backdrops have the power to completely transform a space, softening the edges of a venue and creating a romantic, refined setting that feels both intimate and luxurious. At **Your Wedding Company**, we design bespoke draping and backdrop installations that elevate the ambience of your ceremony or reception while highlighting the most important moments of your day.

From cascading fabric walls in soft whites and creams to dramatic blush tones or muted gold accents, our draping creates depth, texture, and elegance. Used behind a top table, around a dancefloor, or as the perfect backdrop for a ceremony, these designs frame your celebration with sophistication.

Backdrops, whether floral, fabric, or themed installations, add another layer of artistry. They are perfect for photo opportunities, focal points within your venue, or creating an immersive guest experience. Each one is tailored to your aesthetic, from clean minimalism to opulent statement walls.

Every installation is carefully planned and flawlessly executed, ensuring the fabric flows beautifully, the lighting enhances its effect, and the overall design feels cohesive. With our draping and backdrops, your venue becomes more than a location — it becomes the canvas for your dream wedding.

# Stationery

Your wedding stationery is the very first glimpse your guests have into your celebration — it sets the tone long before the day arrives. At **Your Wedding Company**, we believe that stationery should be more than functional; it should be a reflection of your style, your story, and the luxury experience awaiting your guests.

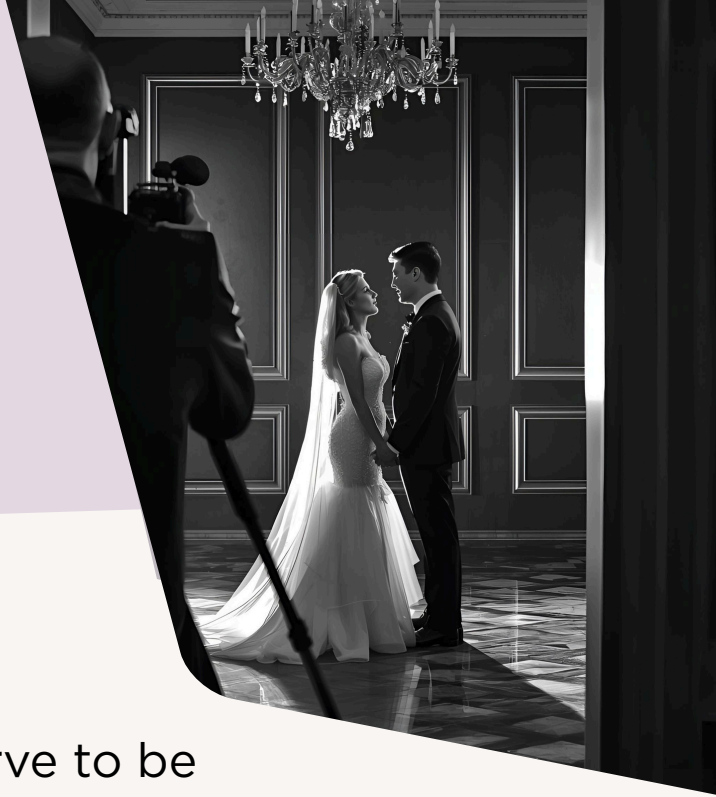

From save-the-dates and invitations to menus, place cards, and seating plans, every piece is curated with an editorial eye for detail. We design suites that are cohesive, elegant, and perfectly aligned with your overall wedding aesthetic.

Think textured card stock with soft blush and cream tones, gold foiling for a touch of glamour, or minimalist typography for a modern luxe feel. Stationery can be subtle and refined or bold and dramatic — but always luxurious.

Beyond paper, we also offer innovative design elements such as acrylic signage, velvet ribbons, wax seals, and laser-cut details. These finishing touches transform stationery into keepsakes your guests will want to treasure.

With our bespoke stationery service, every detail is personalised, every element is harmonious, and your wedding style is carried seamlessly from the very first invitation to the final thank-you card.

# Photographers & Videographers

Your wedding day is filled with moments that deserve to be remembered forever — the look in your partner's eyes as you walk down the aisle, the laughter of family and friends, the elegance of the styling, and the energy of the celebration. At **Your Wedding Company**, we understand that choosing the right photographer and videographer is one of the most important decisions you'll make.

We work with some of the most talented professionals in the industry, each with a refined eye for detail and a style that matches the luxury standard of our events. Whether you prefer timeless editorial photography, candid documentary-style coverage, or cinematic films that feel like a movie of your day, we connect you with the artists who bring your vision to life.

Photography captures still moments — the dress, the décor, the smiles — while videography preserves movement, sound, and emotion. Together, they ensure that your wedding day lives on not just in memory, but in breathtaking artistry you can relive again and again.

From your engagement shoot to the final dance, our trusted network of photographers and videographers are chosen for their ability to capture the essence of your love story with elegance, authenticity, and style.

✨ *Your memories deserve to be captured with artistry. Let us connect you with the perfect photographer and videographer team.*

# Wedding Cakes

A wedding cake is more than dessert — it is a statement piece, a reflection of your style, and one of the most photographed moments of your day. At **Your Wedding Company**, we collaborate with the finest cake designers and artisans to create showstopping cakes that are as delicious as they are beautiful.

From towering multi-tiered creations with intricate sugar florals to sleek, modern designs with metallic accents, every cake is crafted to harmonise with your wedding's aesthetic. Colours, textures, and design elements are chosen to complement your florals, décor, and theme, ensuring your cake feels like part of the overall story.

Our luxury cake makers specialise in flavour as much as design — offering everything from timeless classics like vanilla and red velvet to contemporary pairings such as champagne and raspberry or pistachio and rose. Each cake is bespoke, designed not only to impress your guests visually but to delight them with every bite.

Whether you dream of a romantic, floral-adorned masterpiece or a bold, sculptural centrepiece, our luxury wedding cakes are curated to ensure that your cake-cutting moment is unforgettable. A true blend of artistry and indulgence, it's a sweet ending — and a stunning highlight — to your celebration.

✨ *Your cake should be as unforgettable as your day. Speak to us about commissioning your bespoke luxury wedding cake.*
